

Aortic Stenosis Meeting

Tannenbaum Auditorium, Hadassah Medical Center, Ein Kerem,
Jerusalem
November 11, 2009

8:00 Get-together

8:30 Opening remarks:
Prof. Chaim Lotan:

Aortic Stenosis – A New Face for an Old Disease

Session 1

9:00 Prof. Nalini Rajamannan:

Calcific Aortic Stenosis from Experimental Models to Clinical Trials- From a degenerative disease to an active inflammatory process

9:30 Dr. Mony Shuvy:

Animal Models of Aortic Stenosis – What can be learned?

9:45 Prof. Raphael Rosenhek:

Timing of Intervention in the Aortic Valve-
Do we need to move the target?

10:15 Panel Discussion:

The Changing Face of Aortic Stenosis

10:30 Coffee Break

Session 2

11:00 Prof. Haim Danenberg:

Percutaneous Aortic Valve Replacement -The new frontier

11:20 Prof. Dan Gilon:

3-D shape of the Aortic Valve and Hemodynamic Significance

11:35 Prof. Alex Sagie:

3-D Imaging of the Aortic Valve

11:50 Prof. Oz Shapira:

New Advances in the Surgical Care of Aortic Stenosis

12:10 Panel Discussion:

The New Face of Aortic Interventions

12:30 Lunch

Session 3

13:15 Case Study:

Acute Valvuloplasty in a Decompensated Patient With Severe AS

13:35 Dr. Ronen Beeri:

The Approach to MR in Patients with Severe AS

13:50 Prof. Ehud Schwammenthal:

Self-expanding, Anatomically-correct Transapical Aortic Valve Implantation: Concept, case, and outlook

14:10 Panel Discussion:

The Future of Aortic Valve Therapy

14:30 Prof. Chaim Lotan:

Closing remarks

Faculty

Prof. Chaim Lotan:	Director of the Heart Institute Hadassah Medical Center, Jerusalem, Israel
