May 30- 31st , 2016

Science For A Better Life

Bayer is a global enterprise with core competencies in the Life Science fields of health care and agriculture. Its products and services are aimed at benefiting people and improving their quality of life.

As part of its interest in the Israeli Innovation Ecosystem, Bayer offers a unique tech scouting format in the field of Pharmaceuticals, to explore and discover new innovative projects, opportunities and ventures within the Israeli life science market.

On May 30-31st Bayer AG experts will be meeting for a one-on-one (1 hour) with early stage prospects that have been working on exceptional innovative technologies which potentially may be of interest to Bayer.

Bayer Pharma main areas of interest can be found at:
<https://pharma.bayer.com/en/innovation-partnering/partnering/our-areas-of-interest/>.

The early stage opportunity you can't allow yourself to miss

Candidates will be subject to a profound pre – qualification process after which only 10 projects will be selected for presentation and a personal meeting with Bayer Executives.

Meetings with Bayer will be held by invite only at Bayer Israel offices in Hod Hasharon .

Following our call, please submit your one page company presentation no later than DATE 1 and we will get back to you by DATE 2 with a reply if you were selected to present and meet with Bayer.

We look forward to doing business with you.
