Dear Colleagues,

We are excited to announce the second Cardio Update Europe taking place July 1-2, 2016 in Budapest, Hungary!

Our premiere in Vienna received an EXCELLENT rating from participants with regards to lecture content, congress organization and the take-home compendium!

In 2016, we are thrilled to again provide participants with a highly educational two-day congress – 14 expert speakers will offer comprehensive and practical updates on all recent developments across the broad spectrum of cardiology.

There will be many opportunities for interaction: Speaker's Corner, open discussions during lectures, and Interactive Case Discussions. Submit an ePoster, save on the registration fee and share your research with colleagues!

Budapest is a vibrant and dynamic city to visit. The congress venue is located on the banks of the Danube, in the city centre, making it easy to access and great for sightseeing after the lectures are finished for the day.

We hope you will join us next July in Hungary for this exciting and professionally-rewarding experience.

Sincerely

Michael Böhm

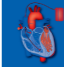

Kurt Huber

Andre Keren

Béla Merkely

Program

Friday	
Welcome (doors open for registration at 8:00)	9:15
 Prevention Joep Perk, Sweden	9:30
 Stable Coronary Artery Disease Michal Tendera, Poland	10:15
