נושא: Cardiologists Needed for Expert Review Study

Hi,

I found your contact email online on the UEMS webpage. My company, Concord Evaluation Group (<http://concordevaluation.com>), based in Boston, Massachusetts, is conducting online expert research interviews throughout Europe with cardiologists regarding a newly developed stress system. Cardiologists who participate in the interview will have great impact on the development of the product and will be paid **€330 or equivalent for their feedback**.

The interviews will be done online from the comfort of your own desk. No one will come visit you and you need not travel anywhere. All that you need is a computer with an internet connection with a microphone or telephone.

If you or a colleague performs stress tests, and are interested in participating, please fill out our very brief online study inquiry form here: http://concordevaluation.com/stress_online.html

Please feel free to forward this message to others you think might be interested and do not hesitate to contact me with any questions.

Regards,

Chris Bransfield
