

Schneider Children's Medical Center of Israel
Department of Pediatric Hematology-Oncology
Center for Stem Cell Research

INVITATION

Second Frankel Conference: Stem Cells and Plasticity

Schneider Children's Medical Center of Israel
Monday, March 7, 2005
Felsenstein Auditorium
14 Kaplan St., Petach Tikva

מרכז שניידר לרפואת ילדים בישראל
מركز شتايدر لطب الأطفال في إسرائيل
Schneider Children's Medical Center of Israel

PROGRAM

9:00-9:30	<u>Rina Zaizov</u> Marc Mimouni, Director SCMRI Avi Weizman, Director FMRC	12:30-13:00	Isaac Yaniv, Schneider Children's Medical Center Petach Tikva Evidence of cancer stem cell
	Jerry Stein, Schneider Children's Medical Center, Petach Tikva Focus: the therapeutic power of stem cells	13:00-14:00	Lunch
9:30-10:00	Dov Zipori, Weizmann Institute of Science, Rehovot The stem state: controversial issues in stem cell biology	14:00-14:30	<u>Isaac Yaniv</u> Yair Reisner, Weizmann Institute of Science, Rehovot The commitment window of embryonic cells
10:00-10:20	Coffee break	14:30-15:00	Shimon Slavin, Hadassah Medical Center, Jerusalem Stem cells: from the bench to the clinic, now and beyond
10:20-11:00	<u>Yair Reisner</u> Peter Quesenberry, Roger Williams Medical Center, Providence The stem cell continuum	15:00-15:20	Coffee break
11:00-11:40	Peter Lansdorf, Terry Fox Laboratory, Vancouver Role of telomerase in hematopoietic stem cells	15:20-17:00	<u>Dov Zipori</u> Round table: Plasticity: fact or fiction? Participants and Saul Sharkis, Johns Hopkins University, Baltimore (video conference)
11:40-12:00	Coffee break		
12:00-12:30	<u>Shimon Slavin</u> Gideon Rechavi, Sheba Medical Center, Tel Hashomer Insights into the molecular basis of stemness		

RSVP: 03-9253669, 03-9213954
