Dear Friends,

We are glad to forward to the Israel Heart Society **5 invitations with waiver of enrollment** to the prestigious Cardio Update Europe 2017 to be held in Prague 29 June – 1 July 2017. Travel and accommodation arrangements have to be taken care personally and hotel recommendations (discounted rates) can be found on the website at <http://www.cardio-update-europe.eu/>

Three additional physicians interested in participation and who did not get the enrollment waiver, should be aware of the fact that a 200 Euro discount on registration can be obtained by submitting an eposter abstract. Information on that issue can be obtained on <http://www.cardio-update-europe.eu/eposters>

This meeting provides an update on the **MAJOR PUBLICATIONS in 14 fields of Cardiology from the past year with impact on our practice** and NOT state of the art lectures.

What to expect:

- **14 European experts will summarize all relevant international developments from the past year (program attached)**
- **3 interactive days to exchange ideas with speakers and colleagues**
- **Practical Take-Home Messages to implement in your daily work – 100% unbiased**
- **A complete Compendium in print or stick form for you to review throughout the year!**

The Updates started in Germany 10 years ago, and now include most medical professions (Gastro, Neuro, Hematology, etc) with up to 1000 participants per meeting (an average of 24 000 participants each year!).

The Cardio Update Europe is meant for all professionals, particularly practicing cardiologists and NOT specifically to fellows in Cardiology.

Kind regards

Prof Andre Keren, in the name of The Scientific Board of the Congress
