

## Curriculum Vitae

14 January 2013

### Moti Haim

**Home Address:** No. 3 Hasimcha St.  
Kfar-Saba 44289  
Israel  
**Tel (Home):** 972-77-7670113  
**Cell:** 054-9216560  
**E-mail:** motih@netvision.net.il

**Work Address:** Department of Cardiology  
Meir Medical Center,  
Kfar Saba  
Israel  
**E-mail:** motih@clalit.org.il

### Personal Information

Birth Date: December 29, 1967  
Marital Status: Married, 3 children.  
Place of Birth: Israel.

### Education Academic and Professional Degrees

**1985-1992:** Sackler School of Medicine, Tel-Aviv University, Tel-Aviv, Israel.

**1988:** B. Med. Sc.; with Excellence.

**1992:** M.D.; Magna cum Laude.

**2001:** Passing Israeli Board Certification Examinations in Internal Medicine

**2004:** Passing Israeli Board Certification Examinations in Cardiology, with Excellence

**2011:** Senior Lecture- Sackler Faculty of Medicine Tel Aviv university

## **Professional Experience:**

### **1992 Rotating Internship**

Sheba Medical Center, Tel-Hashomer, Israel. Affiliated with Sackler School of Medicine, Tel-Aviv University.

Internal Medicine - 3 months, Pediatrics - 2 months, Surgery- 2 months, Endocrinology - 1 month, Gastroenterology - 1 month, Cardiology - 1 month, Emergency Medicine - 1 month.

### **1993-1994**

Physician; Infantry Battalion, Israel Defense Force, Medical Corps.

### **1994-1995**

Brigade Medical Officer, Infantry Brigade, Israel Defense Force.

### **1995-1997**

**Clinical Trials Physician and investigator**, Army Health Branch Research Unit, Medical Corps, Israel Defense Force.

### **1997- 2001 Resident, Internal Medicine**

Department of Internal Medicine "B", Sapir Medical Center, Meir General Hospital, Kfar-Saba, Israel.

### **2001-2004 Fellow Cardiology**

Cardiology department, Rabin Medical Center, Beilinson Campus, Petach-Tikva, Israel

### **11/2004- 6/2005 Senior Cardiologist**

Cardiology department, Rabin Medical Center, Beilinson Campus, Petach-Tikva, Israel

### **7/2005- 6/2007, Fellowship in Clinical Cardiac Electrophysiology**

Cardiovascular medicine division, Beth-Israel Deaconess Medical Center, Harvard University, Boston, USA

### **7/2007-6/2008, Advanced Training in Pacing and Device Therapy**

Cardiology Department, Cardiac Electrophysiology, St.Elizabeth Medical Center, Tufts University, Boston USA

**9/2008:** Director of Electrophysiology Service, Belinson Campus, Rabin Medical Center, Petach-Tikva, Israel

**1/2013:** Director Electrophysiology Unit, Meir Medical Center, Kfar-Saba, Israel

### **Additional Professional and Research Activities**

1. **Investigator** - The Neufeld Cardiac Research Institute, the Heart Institute, Sheba Medical Center, Tel-Hashomer, Israel. (1992- ).
2. **Investigator** - The Army Health Branch Research Unit (1995-1997).
3. **Investigator and Clinical Trial Physician** - A phase II - Evaluation of the Safety and Immunogenicity of an oral killed enterotoxigenic *E.coli* vaccine (April-July 1997). The study included 200 participants with each receiving 2 doses of the vaccine 2 weeks apart. After each vaccination the participants were under active surveillance for 3 consecutive days after each dose. My role was: the organization of the study (logistic and medical) and medical supervision
4. **Principal Investigator** - A study for the evaluation of the role of small round structured viruses as etiologic agents of diarrhea in young adults in Israel, in collaboration with Dr. Roger Glass and Dr. Steve Monroe from the Centers of Disease Control (CDC), USA.
5. **Principal Investigator** – A study to evaluate the role of infectious pathogens and inflammation in the outcome of patients with coronary heart disease, in collaboration with Bezafibrate Infarction Prevention (BIP) study registry and the Israeli Society for the Prevention of Heart Attacks (ISPHA).
6. **Epidemiology courses (Introduction to Epidemiology and Research Methods)**. Sackler School of medicine, Department of epidemiology and preventive medicine.
7. **Basic Science Experience** : Rat Myocardial Infarction Model by LAD ligation, Rat Post-MI Echocardiography to assess and quantitate ventricular remodeling

### **Reviewer for Medical Journals**

1. **Reviewer** - for *Epidemiology and Infection* journal (1997).
2. **Reviewer** –For *International Journal of Cardiology* (2004)
3. **Reviewer** –For *American Journal of Medicine* (2005)
4. **Reviewer** –*Coronary Artery Disease* (2006)
5. **Reviewer** - for *American Journal of Cardiology* (2002, 2007, 2008, 2009, 2010).
6. **Reviewer** - *Therapeutic Advances in Cardiovascular Disease* (2008)
7. **Reviewer** – *Heart Rhythm* (2011, 2012, 2013)
8. **Reviewer**- *Israeli Medical Association Journal (IMAJ)* (201, 2012)

### **Basic Research (in the Laboratory of Cardiovascular Biology – Felsenshtein Medical Research Center)**

1. A study to evaluate the interaction between aspirin and Losartan in rats after acute myocardial infarction. An echocardiography-pathological study.
2. A study to evaluate the role of Matrix Metalloproteinases (MMP'S) in the progression of cardiac remodeling after myocardial infarction.
3. A study to evaluate the effectiveness of TNF- $\alpha$  induced apoptosis inhibitors in the rat post-MI model.

### **Instructing Medical Residents in Basic Science Projects**

1. Anti-TNF alpha compound to inhibit LV remodeling after myocardial infarction in the rat heart (Dr Shlomi Decal, Internal Medicine E, Rabin Medical Center, Beilinson campus)
2. Simvastatin to Inhibit Cardiac Remodeling in the rat myocardial infarction model. (Dr Ehud Kadmon, Internal Medicine E, Rabin Medical Center, Beilinson campus)
3. Erythropoietin to Inhibit Cardiac Remodeling in the rat myocardial infarction model. (Dr Itzik Ben Dor, Cardiology Department, Rabin Medical Center, Beilinson campus)
4. Dr Hadas Ofek Cardiology Department, Rabin Medical Center, Beilinson campus

### **Instructing Medical Students in MD Thesis**

1. Dr Elvire Chen (2002) – Characteristics and Outcome of men and women after myocardial infarction with heart failure. School of Medicine, Hebrew university, Jerusalem.
2. Dr Yael Feinstein (2005)- Natural history of patients with mitral valve prolapse and asymptomatic severe mitral regurgitaion

### **Educational Activity in University**

1. **2001:** Tutor of Internal Medicine students, Sackler faculty of Medicine, New-York program. Department of Internal Medicine B, Meir General Hospital, Kfar-Saba, Israel.
2. **2003:** Lecture about chronic Ischemic Heart Disease, Medicine Course\_Sackler faculty of Medicine, New-York program
3. **2004:** Lecture about chronic Ischemic Heart Disease, Medicine Course\_Sackler faculty of Medicine, New-York program
4. **Since 2009-** ECG course- Arrhythmia Lectures in the 4 year MD program, Sackler Faculty of Medicine

### **Professional Memberships**

1. Israeli Medical Association (1992-)
2. Clinical Cardiology Council, American Heart Association (1997-)

3. Israeli Internal Medicine Association (1998-)
4. Israeli Cardiology Association, Epidemiology and Prevention Working Group(1998-)
5. Israeli Cardiology Association (2001-)
6. Heart Rhythm Society (2006-)

## **Languages**

Hebrew, English

## **Certifications**

1. **Israeli License to Practice Medicine** - No. 23436
2. **ECFMG certificate** - No. 0-472-897-8
  - a. USMLE Step I - October 1996, Grade: Pass, 227, 89<sup>th</sup> percentile
  - b. USMLE Step II - August 1997, Grade: Pass, 240, 91<sup>th</sup> percentile
  - c. USMLE CSA- Pass 2008
  - d. USMLE STEP III- Pass 2009
3. **Israeli Board Certification in Internal Medicine**
4. **Israeli Board Certified in Cardiology**

## **Research Grants, Scholarships and Awards**

1. Principal Investigator - Israel Ministry of Health, The Chief Scientist's Grant No: 3883/1996. Epidemiology of diarrhea associated with small round structured viruses in Israel.
2. 1999 – Meir General Hospital Award for Residents in Training to support travel to the American College of Cardiology to present abstracts which were accepted for presentation
3. Israeli Ministry of Health Scholarship (M/4940/2000) - For basic science training in cardiovascular biology research under the supervision of Prof. Alex Battler at the Felsenshtein Medical Research Center in Israel.
4. Israeli Society for the Prevention of Heart Attacks (1999, 2002) – For a study to evaluate prognostic implications of inflammatory and infectious markers in patients with coronary heart disease.
5. Tel Aviv University – Schauder Foundation 2002 Grant 01260072- MCP-1 and SCD40L in patients with coronary heart disease to predict risk of recurrent cardiovascular events (CO-PI., PI was Dr David Tanne)

6. Rabin Medical Center research grant for Residents – For a study entitled: “Inflammatory markers predict development of systolic and diastolic dysfunction in patients with ST elevation MI”. (2002)
7. The Israeli Heart Association “Pfizer Cardiovascular Research Fellowship”: For a 6 month stay in the cardiovascular R&D center in Sandwich UK (2002, not used)
8. The Israeli Heart Association Prize for Cardiology Fellows: To Support travel to the ESC for presentation of scientific work accepted for presentation. (2003)
9. The Clalit Health Services Research Institute – Comparison of CHADS and CHADS VASC risk scores in patients with atrial fibrillation (2011)
10. The Clalit Health Services Research Institute – A model to predict early death- within 6 and 12 months in patients with ICD implantation for primary prevention (2012)

## Articles in Peer-Reviewed Journals

### Original Articles

1. Behar S, **Haim M**, Hod H; Kornowski, R; Reicher-Reiss H, Zion M; Kaplinsky E, Abinader E, Palant A, Kishon Y, Reisin L, Zahavi I, Goldbourt U. Long-term prognosis of patients after a Q wave compared with a non-Q wave first acute myocardial infarction. Data from the SPRINT Registry. *Eur Heart J* 1996; 17(10):1532-7.
2. **Haim M**, Hod H, Kaplinsky E, Reicher-Reiss H, Barzilay J, Boyko V, Goldbourt U, Behar S. Frequency and prognostic significance of high-degree atrioventricular block in patients with a first non-Q-wave acute myocardial infarction. The SPRINT Study Group. *Am J Cardiol* 1997; 79(5):674-6.
3. **Haim M**, Hod H, Reisin L, Kornowski R, Reicher-Reiss H, Goldbourt U, Boyko V, Behar S. Comparison of short- and long-term prognosis in patients with anterior wall versus inferior or lateral wall non-Q-wave acute myocardial infarction. Secondary Prevention Reinfarction Israeli Nifedipine Trial (SPRINT) Study Group. *Am J Cardiol* 1997; 79(6):717-21.
