## Program Description

This course has been designed to provide the clinician with practical and updated information on the broad spectrum of therapeutic modalities currently available and in development for patients with heart failure. In addition to formal presentations, six cases will be discussed by a panel of experts with audience participation.

## Program Objectives

At the conclusion of this program, participants should be able to:

- ◆ cite updated information on the results of recent clinical trials and their clinical implications;
- ◆ describe new concepts for the treatment of heart failure;
- ◆ list new guidelines for the treatment of heart failure.

## Accreditation

The Keck School of Medicine of the University of Southern California is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Keck School of Medicine of the University of Southern California designates this educational activity for a maximum of 7 *AMA PRA Category 1 credit(s)*<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity.

The California State Board of Pharmacy accepts as continuing professional education those courses that meet the standard of relevance to pharmacy practice and have been approved by the AMA for Category 1 credit. Pharmacists licenses in States other than California should inquire with those State Boards for specific continuing education policies.

The California Board of Registered Nursing accepts courses approved for Category 1 credit as meeting the continuing education requirements for license renewal.
