

October 11, 2023

Dear Dr. Amit Segev, Dr. Offer Amir, Ms. Karen Davidson, and the IHS Board,

On behalf of the American College of Cardiology (ACC), we are writing to express our deepest sympathies and heartfelt sadness following the horrific assault in Israel over the past few days. Our hearts and minds are with you in the wake of this terrifying attack.

Through our time spent together over the past decades, we have learned time and again of our shared goals, passions and commitment to transforming cardiovascular care and improving heart health. Times like this remind us that as we shoulder the global burden of disease together, we also must be unwavering in our support for one another in times of greatest need to advance a more safe, healthy, and peaceful world. We stand with you and offer any support we can provide for you in this immensely difficult time.

Please know that you, your families, your friends, and the people of Israel are in the thoughts and prayers of the ACC family, and that we are at your disposal if you are in need of support.

Best wishes,

Hadley Wilson

Cathy Gates
