

# Overview of GOS Agenda

Day 1

## Obesity pathophysiology

*Focus on complexity of Obesity*

Day 3

## Weight loss maintenance and obesity complication

*Why is weight loss maintenance difficult and overview of CVD and NASH*

Day 2

## Clinical management of obesity

*Treating Obesity: Clinical Assessment and Pharmacotherapy*

Day 1,2 & 3

## Hot topics

*Day 1: Obesity and COVID-19*

*Day 2: Treating obesity and T2D remission*

*Day 3: Obesity care today*

## Other Scientific Sessions

*Diet and Exercise; Bariatric surgery; Obesity and PCOS, GLP-1 in obesity management, NASH-hepatologist perspective*

# Day 1: Livestreamed GOS meeting Agenda

Total duration: 1 hour 30 minutes

Agenda item	Speaker
Opening and Welcome	Nick Finan/Deborah Horn
Opening keynote: How Obesity is changing the face of medicine	Lee Kaplan
Biology of energy balance and appetite regulation	Rachel Batterham
Pathophysiology and complexity of obesity	John Wilding
<i>Panel Discussion and Q&amp;A</i>	
Hot topic: Obesity and COVID-19: Collision of two pandemics + Q&A	Nick Finan

Deborah  
Horn

Lee Kaplan

Rachel  
Batterham

John Wilding

Nick Finan

# Day 2: Livestreamed GOS meeting Agenda

Total duration: 1 hour 30 minutes

Agenda item	Speaker
Summary of Day 1 & Introduction	Nick Finan/Deborah Horn
Clinical assessment of patients with obesity	Arya Sharma, Michael Vallis, Vicki Mooney
Q&A - Introduction and link to recorded sessions	Nick Finan
Pharmacotherapy: what and when?	Sue Pedersen
Hot topic: Treating obesity and T2D remission	Michael Lean
Q&A	Sue Pedersen, Michael Lean

**Arya  
Sharma**

**Michael  
Vallis**

**Vicki  
Mooney**

**Sue Pedersen**

**Michael Lean**

# Day 3: Livestreamed GOS meeting Agenda

Total duration: 1 hour 30 minutes

Agenda item	Speaker
Summary of Day 2 & Introduction	Nick Finer/Deborah Horn
Weight loss maintenance: why is it so hard?	Carel Le Roux
Treating cardiovascular diseases in people with obesity	Stephan Jacob
Metabolic interplay between obesity, T2D and NASH	Lee Kaplan
Q&A and Panel Discussion + link to recorded sessions	Nick Finer
Hot topic: What can we do today to advance obesity care? + Q&A	Robert Kushner

**Carel Le Roux**

**Stephan Jacob**

**Lee Kaplan**

**Nick Finer**

**Robert Kushner**

# Other Scientific Sessions

- These are recorded sessions which will be hosted in the Virtual GOS Meeting platform
- Each session will be 15-25 mins in duration
- Can be viewed based on delegate's preference

Topic		Speaker	
Diet and exercise for treatment of obesity			Robert Kushner
Metabolic effects of bariatric surgery			John Morton
Exploring the potential of GLP-1 RAs for treatment of obesity and its complications			Sue Pedersen
Patient with obesity and PCOS			Thomas Barber
Understanding NASH: hepatologist perspective			Manal Abdelmalek
